Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Dolan on 12/23/04.

The application has been amended as follows:

In the Claims:

In Claim 7, line 1, insert --claim-- prior to "21". Also, in line 2, delete the first "is".

In Claim 15, line 1, insert --claim-- prior to "21". In line 3, insert --a--, prior to "antigenomic" and "SV 40".

In Claim 21, line 5, after "structural" change "protein" to --proteins--. In line 8, insert --a-- prior to "infectious".

In Claim 35, line 2, delete the word "is".

In the Specification:

On Page 9, delete the first two words on the page and substitute --like particle--.

Art Unit: 1636

On Page 13, line 1, after "It will be", delete the following word and substitute --appreciated--. After "derived" delete the following two words and substitute the phrase --from any--.

On Page 14, line 1, after "constructs", delete the following word and substitute --incorporating--. After "eucaryotic", delete the following word and substitute --expression--.

The above amendments to the Specification are necessitated because holes punched at the top of pages 9 and 13-14 (in order to insert the pages into a file) obscured some of the text on said pages (See Office Action mailed 2/5/03). The amendment merely supplies the obscured words.
